SUMMARY

Full Stack Developer specializing in the MERN stack with a focus on building efficient, maintainable, and high-quality web applications. Experienced in the full software development lifecycle (SDLC) — from requirement analysis and coding to unit testing, debugging, and documentation. Proficient in React.js, Node.js, Express.js, and MongoDB with strong adherence to coding standards and Agile methodologies. Skilled at collaborating across teams, managing code versioning (Git), and improving application performance through optimized backend logic and reusable frontend components.

RELEVANT TECHNICAL PROJECTS

GYMNASIUM Fitness Platform | Full Stack Developer | Node.js, Express.js, MongoDB, JWT (August 2025)

- Developed backend modules following SDLC best practices, including requirement analysis, coding, unit testing, and documentation.
- Implemented JWT-based authentication and CRUD operations with strong adherence to coding standards and security principles.
- Conducted API integration tests using Postman.
- Collaborated with cross-functional teams in an Agile environment, providing daily status updates and following sprint timelines.

Movie Explorer Web Application | Frontend Developer | React.js, TMDB API, Context API, CSS3, HTML5, JSON (September 2025)

- Designed and implemented responsive user interfaces adhering to modern frontend coding standards and usability principles.
- Integrated third-party APIs and handled error management through structured debugging and logging mechanisms.
- Developed reusable React components to optimize performance and consistency across the application.
- Participated in code reviews, defect tracking, and documentation to ensure delivery quality and maintainability.

TECHNICAL SKILLS

Programming Languages: JavaScript, Python

Frontend: React.js, HTML5, CSS3, Responsive Web Design

Backend: Node.js, Express.js, REST API Development

Databases: MongoDB, MySQL

Testing & Tools: Unit Testing, Postman, Debugging, Documentation, SDLC, Agile, Git, GitHub, JWT, Deployment, VS Code

EDUCATION

B.Tech in Civil Engineering | Kerala Technical University (2021)

Senior Secondary (12th) | Chinmaya Vidyalaya (2016)

OTHER EXPERIENCE

Civil Engineer | CJ Builders, Trivandrum, Kerala (2022–2024)

Applied project management, analytical problem-solving, and team leadership to deliver construction projects efficiently and within deadlines. Developed an attention to detail, process documentation, and quality assurance mindset that complements software development practices.

CERTIFICATIONS

- Full Stack Web Development (MERN Stack) – UNSTOP
- Node.js and Express.js Specialization
- Intel AI Aware Badge
- Generative AI Masterclass -- OUTSKILL
